BUILDING THE FOUNDATION FOR MAXIMISING AML VISIBILITY

A PROPOSAL FOR THE AFRICAN MMA LEAGUE

Prepared by Baba Touré, Director · 30.10.2026

WHERE WE STAND

THIS IS ALREADY WORKING

TEN EDITIONS

From the first championship in Abidjan in October 2023 to AML 10 in August 2026.

BEYOND ABIDJAN

AML 10 took the league to Korhogo and put MMA in front of a new city.

CROSS BORDER CARDS

Ivorian fighters against opponents from Cameroon and Morocco, with entrants from across the region.

A NATIONAL PLATFORM

Founder Ismaël Bakayoko also presides over the Ivorian MMA federation.

THIS IS WHAT THE NEXT STAGE NEEDS

- Set deliverables for every creator
- A clear view of what creators post
- Key messaging and calls to action in every brief
- A process that scales across editions and cities
- Post event numbers: views, reach, platforms, audiences, and where across Africa

WHY NOW

SET THE FOUNDATION WHILE THE LEAGUE IS GROWING

AML has gone from a first championship in 2023 to ten editions. As a league grows, sponsors and investors start asking what the audience is worth. Every number AML produces now builds that case.

10
AML EDITIONS TO DATE

2023
FIRST CHAMPIONSHIP, HELD IN ABIDJAN

2026
AML 10, TAKEN TO KORHOGO

THE REVENUE MODEL

WHERE THE NEW MONEY COMES FROM

MORE CREATORS → MORE VISIBILITY → BRAND KPIS MET → SPONSOR AND INVESTOR MONEY

THE STORY SO FAR

Jan 2023
MMA introduced in Côte d'Ivoire through AML

Oct 2023
First championship, in Abidjan

2024 to 2025
AML 4 to AML 8 on a steady cadence

Aug 2026
AML 10 in Korhogo, beyond Abidjan

THE ATOURE ANSWER

TWO DELIVERABLES, NOT ONE

01

TAILORED CREATORS & VIP INVITES PER EVENT

- Creators matched to each event’s budget and market
- Set deliverables agreed with every creator
- Briefs carrying AML’s key messaging and calls to action
- One point of contact, so the team isn’t carrying it alone

02

DETAILED POST EVENT REPORT

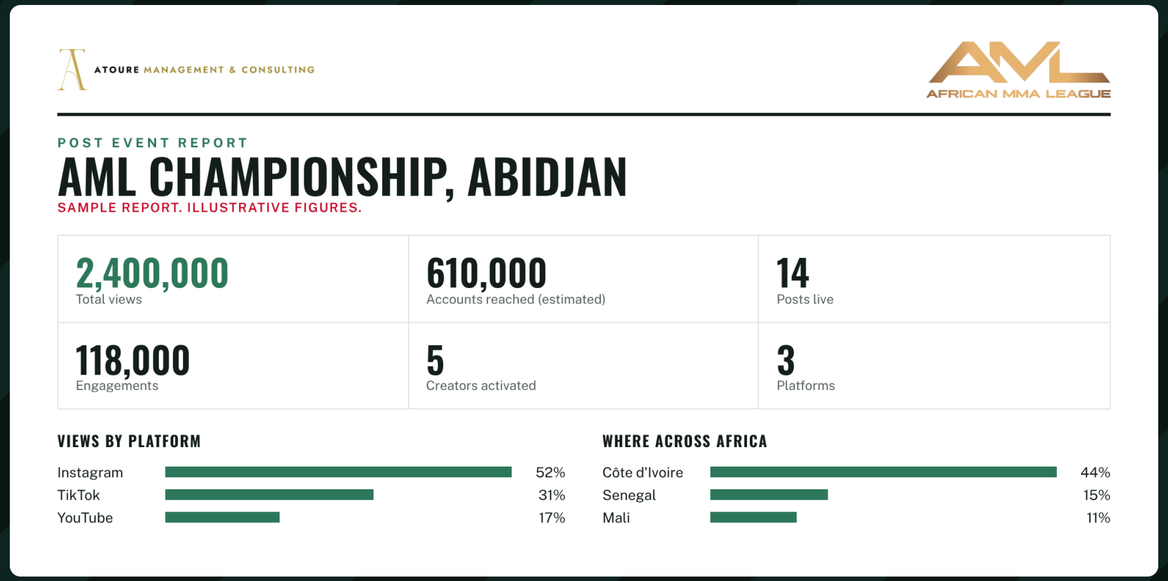

- 48 hours after: who posted, and where
- Two weeks after: views, impressions, platforms, audiences, and where across Africa
- Every post, every platform, in one document
- Numbers updated regularly for up to date content performance
- Ready for sponsors, investors and the board

THE CREATORS GENERATE THE CONTENT. THE REPORT IS WHAT MAKES THE SPEND PROVABLE.

INSIDE THE REPORT

WHAT AML ACTUALLY RECEIVES

- Every post, by creator, by platform, with the link
- Views, likes, comments, shares and saves, wherever the platform exposes them
- One combined reach and engagement total for the whole activation
- Delivered on a fixed date after the event, not whenever convenient
- Built to be used by the team for investor insights and further commercial opportunities

Sample layout. Figures are illustrative.

THE PROPOSAL

A TRIAL. YOUR NEXT EVENT. ONE FULL REPORT.

AToure manages the creator activation inside the existing budget, and delivers a full after action report on visibility, built to go to sponsors and investors.
